2D BARCODE SCAN ENGINES

FlexRange™ N6803 Series 2D Ultra Slim Scan Engine

Honeywell's ultra slim innovation continues with the latest FlexRange™ N6803 series 2D scan engines. With 3 distinct optic offering MR (mid-range), FR (flexrange) and LR (long range) providing the complete portfolio for warehouse needs.

Overview

Honeywell Productivity Solutions and Services is now part of Brady Corporation.

Whether you work in a distribution center, retail, logistics, or in the field, workers need the capability of scanning near, mid, and far range distances to improve workflow efficiency and reduce fatigue. Existing long-range imaging options are available, but may not be suitable, for more compact designs. Introducing the Honeywell FlexRange™ N6803 Series which includes the N6803MR, N6803FR, and N6803LR 2D scan engines.
